The objectives/description of the activity (50 words):

Goa Business School organized a talk “Alumni Interaction” for its students with Ms. Mubashara Tumpa on 16/09/2022, in Lecture hall III and IV where Ms. Mubashara Tumpa, our alumni from batch 2015-2017 boosted the spirit of taking risks among the young blood.

She shared her stories and took us back in time frame making us feel the ups and downs she had gone through. The two prominent things to be found in her life was struggle and success. She made the students realise that their imperfections or hardships will never define their ability to win the world. The interaction motivated the students with positivity and enthusiasm towards taking the initiative and making their plans and dreams into reality.

The students had doubt session with Ms. Tumpa. She addressed the concerns of all the students. All the faculty members thanked Ms. Mubashara Tumpa for her time. Talks like these can prove to be motivating and can eventually awaken the leaders within the students. Students should be given the opportunity to witness the positivity and enthusiasm that such brilliant minds and successful leaders emanate. Ms. Tumpa’s journey and perseverance to never give up is truly commendable.
